Competition format

Training / Warm-Up

Each qualifier has the possibility to ride the jump for a training session from 4 to 5 pm.

Qualification: 60-min Jam-Session

Within 60 minutes all qualifiers have the chance to convince the jury that they belong to the best 15 riders. The jury will choose the best 15 riders who can start in the final. Each rider decides by himself how many times he will ride the course during the 60-min Jam Session. The riders can qualify with Whips or Tricks for the final.

Final: Best 20 Riders

The best 20 riders battles in the finals in a 30-min Jam-Session. These are the 15 best riders from the qualification and 5 invited riders. Each rider has at least 2 runs which will be scored by the jury and the audience. Within the 30-min jam session they can also go for multiple runs, to improve their score or for a train with other riders. The starting procedure is free, the riders can ride when ready. The finals riders must decide if they ride for the "Best Whip" or "Best Trick" award. For the "Fan's Favourite" award, the volume of the audience is decisive. The louder and the wilder the audience goes, the higher is the score. The "Fans Favourite" award can be won as single riders with a Whip Off trick or as a group riding in a train. Use your creativity or ride with other riders to set the audience on fire.

Best Whip: evaluation of the Whips on the big jump by the jury -> individual award (style, length and sideway of whip)

Best Trick: evaluation of the trick on the big jump by the jury -> individual award (difficulty & style)

Fan's Favourite: evaluation of the style by the Jury and the enthusiasm of the crowd by the volume (decibel). This award can be won as individual or as a group/team. The crowd receives a voice in the jury which will be measured by decibel. The louder and wilder the crowd goes, the better the ranking/score. If the result is not explicit after the 30-min Jam Session, the Contest Manager can decide to have one last run or a noise-evaluation of the 3 best ranked parties.
